Price extras in Euros

Effective 1 July 2023

General

This document shows price extras only.

The invoiced price comprises these extras plus basis price, distribution and tax.

Material is charged on gross weight. Lengths and widths should be specified in whole millimetres.

Unless otherwise agreed with Tata Steel, sales are FCA Tata Steel IJmuiden loading quay (ship), FCA Tata Steel IJmuiden loading dock (truck) or FCA Tata Steel IJmuiden railway yard (rail).

All prices in this list are in EUR/tonne and do not include value-added tax or any other tax relating to the sale and delivery of the goods. If delivery is within the European Union, the purchaser will bear all taxes and will reimburse Tata Steel for any taxes charged to Tata Steel in respect of the sale or delivery of the goods.

All transactions are subject to Tata Steel IJmuiden BV General Conditions of Sale.

Specifications are subject to mill acceptance and not all combinations of extras are necessarily available. For specific information about products and their availability, please check www.tatasteeleurope.com or consult Tata Steel.

* Zinc coating extras may vary subject to zinc costs.

** Agreed zinc cost is valid for the duration of the contract and is based on:

- LME: as per 3 months buyer price (based on the 1st working day of the 4th month prior to the quarter of start contract)

- ECB: USD to EUR exchange rate (based on the 1st working day of the 4th month prior to the quarter of start contract)

If agreed zinc cost is outside above ranges, additional tables can be used.

Notes:

Other thickness / coating weight combinations available on request.

5	10	30	30	30	35
10	15	0	0	0	0
15		0	0	0	0

Notes:

1. Coils are sold on maximum weight only.
2. A coil weight range must be agreed with Tata Steel before placing an order.
3. The minimum specifiable coil weight is 7 tonnes.

6.2 Order quantity per order item

Quantity (tonnes)		Tata Steel tolerance	€/tonne
≥	<		
100		±10%	0
40	100	±20%	0
20	40	±20%	3

Notes:

1. An order item is a quantity of material specified in one order of which the specification (grade, dimension, etc) delivery time and destination is the same.
2. The minimum order quantity is 20 tonnes.
3. Material should be ordered in quantities that are multiples of whole coils.
4. Tata Steel will seek to supply the nearest number of whole coils to meet the ordered quantity or a quantity that is within the tolerances shown.
5. Where quantity is specified as a range, a maximum (with all tolerances under) or a minimum (with all tolerances over), the extras applicable are those for the mean of the range as specified or implied.

6.3 Welds

	€/tonne
Production welds are not accepted	0

Note:

For best quality surface repair welds should be allowed

7. Testing and inspection

7.1 Test certificates

	€/tonne
to EN 10204:2004	
Declaration of compliance with order - type 2.1	0
Test report (cast analysis only) - type 2.2	0
Test report (cast analysis + mechanical properties) - type 2.2	3
Inspection certificate (cast analysis and mechanical properties based on specific testing) - type 3.1	5
Other, non-mandatory tests	on request

Note:

At purchaser's choice only one certificate to EN 10204 will be issued, to be agreed on ordering.

8. Other extras

8.1	€/tonne
Internal coil diameter 508 mm	35
Fit for specific application	
Safety critical parts (safety parts)	5

9. Packing

9.1	€/tonne
Steel strapping	0
Paper/film and steel strapping	3
Steel/board box, paper/film and steel strapping	5

Notes:

1. For weighing and invoicing gross equals net.
2. The wood if used in packing is included in the weight.
3. Packaging materials are to be regarded as non-returnable.
